In an effort to communicate with every foreign language teacher in the State of Illinois, as well as with the administrators in those schools in which a foreign language program exists, a survey-questionnaire was prepared and mailed to all superintendents and principals in the Illinois schools. The Illinois Foreign Language Directory was compiled from the information on the questionnaires returned to this office.

The cover design was executed by Edward Kohorst, Department of Graphic Arts, and symbolizes the myth of the Tower of Babel, and the origin of languages.

We should like to express our gratitude to all those persons who assisted us in making this directory possible. It is our ardent hope that a foreign language program will be developed in all the schools of Illinois, and that it will be included in the curriculum with the three r's.
